The picture you see is actually a "still frame" we grabbed from one of the 60 security cameras Saint Ignatius College Prep uses on a daily basis. The cameras help us to keep an eye on the "comings" and "goings" at [1076 West Roosevelt Road](#) and at our other buildings. The surveillance equipment is part of a multi-tiered approach to keep students, faculty and staff safe.

In the last year, we've added more cameras and security personnel. We've also expanded our use of an app that makes family notification faster and more effective. Additionally, we've strengthened main-entry protocols.

We will be sending an email to families tomorrow (Friday) regarding the evolution of our campus security. In that communication, **we will share the date and details of an important parental drill**. Please watch for the email, and as always, thank you for partnering with us in the name of safety!

## CELEBRATING BLACK HISTORY MONTH

Several students from the Black Organization of Successful Students (B.O.S.S.) are leading the charge in the planning of the Mass on the First Friday in February - **Feb. 7 at 8:20 a.m.** The lively liturgy will feature B.O.S.S. students leading the Call to Worship and proclaiming the word in verse and song. There are six Black Catholic leaders in the process of becoming saints: Venerable Pierre Toussaint, Venerable Mother Mary Elizabeth Lange, Venerable Henriette Delille, Venerable Father Augustus Tolton, Servant of God Julia Greeley and Servant of God Sister Thea Bowman, FSPA. Throughout the school we have placed commemorative boards with their pictures and a brief bio for students to learn about modern-day men and women on the road to sainthood. Also included is Saint Josephine Bakhita who was born into slavery and named a saint in 2000. She is the first Black woman to be named a saint in the modern era.

## SHOUT-OUTS!

### ETHICS BOWL WINS INDIANA REGIONAL!

Mr. Nathan McPherson penned today's shout-out about his team's February 1st performance in the Indiana Regional at DePauw University in Greencastle, Indiana:

"The team of juniors Courtney Beatty, Cameron Conroy, Jordan Gordon, Harper Harris, Vivian Kusnoto, Chloe Madden and Lucy Martens won the event in thrilling fashion. The winning team participated in six matches, which totaled more than seven hours of high level discussion. In spite of the marathon effort, they demonstrated a consistent ability to deftly handle the judges' questions and maintained a high level of enthusiasm and excitement throughout.

The championship match at the regional pitted Saint Ignatius versus UChicago Lab. Ironically, these were the only Chicago schools present at the Indiana Regional. Saint Ignatius presented first on a case titled: "My Pal Hal", regarding the ethics of AI companions. UChicago Lab presented on the case: "Work to Live or Live to Work", regarding how much

meaning individuals should take from their work. It was a close match, but the Judges' Q and A was the portion of the match that ultimately tipped the match in Saint Ignatius' favor.

The team will compete again on Tuesday February 11th at 3:00 p.m. on Zoom in a Divisional Playoff against the Greenhills School from Ann Arbor, Michigan. The winner of that match will qualify for the National Championship at the University of North Carolina in April."

## CONGRATS AND GOOD LUCK!
