## WOLFPACK SEND-OFFS...

When you give years to a place, you impact the people around you. What follows: some thoughts about the men and women who are retiring from Saint Ignatius College Prep this year.

### TONY ROSINIA

Assistant Prefect of Studies, Maura Maloney, writes, "Tony Rosinia '84 has led IT initiatives that shape everything we do on campus and impact every person in every department. He has shepherded the implementation and development of technology, including email, electronic communication, iPads, a new schedule, and new software/Blackbaud. During COVID, we had the tools, technology, and

training to transition to online learning. We led the way in these initiatives.

As IT Director, Tony graciously gave his time and talents whenever needed to help resolve any technology issues. Staying true to his Wolfpack roots, Tony truly has been a Man for Others."

### EILEEN NOVAK

Director of School Counseling, Megan Honeycutt writes, "Eileen has been a staple in the School Counseling Department for the past 10 years, and her enthusiasm, dedication, and drive for the Magis will be greatly missed amongst our department and the many students and families she has served.

The School Counseling Department is not only losing a top-

notch school counselor, but also a person who brings the best baked goods (peanut butter brownies) and thought-provoking questions to any team gathering ("What would your name be if you got to choose it?"). Eileen puts her heart and soul into being a counselor, friend, and colleague, and her authenticity and sense of humor help put all of those around her at ease. While we will miss her dearly, we know that she is off to her next great adventure and will continue to impact those around her in countless ways. Cheers, Eileen!"

#### **DR. ANTHONY EVENSEN**

Math Department Chair, Sheila Walsh '10, writes, "It is such a privilege to recognize Tony and his remarkable contributions to the Saint Ignatius College Prep community over the last 30 years. Tony has demonstrated such compassion and care for his students while also

upholding the rigorous expectations you want for a Saint Ignatius student. In recent years, Tony has maintained a part time role in our department, however, he would still come in on his off days to provide review sessions for his students after school. This year, one of his previous students shared that they needed a CTA tutoring moderator, and sure enough Tony jumped in. His tenure here also included time with the Theology department and Student Activities in addition to his long-standing commitment -- coaching Wrestling.

Not to make this about me, but part of the reason why I love teaching math, and why I am really good at factoring, is because I was surrounded by incredible math teachers. All of it started with Tony Evensen as my freshman year Algebra 1 teacher. What a gift to not only learn from Tony as a student but grow alongside him as educators, colleagues, and friends. We will certainly miss this staple in our math department."

#### **KATHRYN BORG**

Math Department Chair, Sheila Walsh '10, writes, "I am so lucky to congratulate Kathryn Borg, KB, on her retirement from Saint Ignatius College Prep. What I love so much about Kathryn is her unwavering passion in all things. Kathryn's passion fills the room. Not only for the small things, but for the profound care for her students. When Kathryn Borg's name appears on the students' schedule they know they will be challenged to work hard, inspired to learn deeply, and above all, receive unwavering support and love.

Kathryn's commitment to making our students, department, and school a better place has not gone unnoticed. We joke that she is much too young to retire as she has the energy of us young whippersnappers. The office will not be the same without our KB, but our department will continue to carry on many traditions after her! Cheers to Kathryn!"

### **2025-2026 Spain Exchange Program - Application Now Open**

We are excited to announce that applications are now open for the 2025–2026 Global Exchange Program between Saint Ignatius College Prep and Colegio San José in Villafranca de los Barros, Spain. This program offers students a unique opportunity to grow as global citizens by engaging in a linguistic and cultural exchange grounded in our shared Jesuit mission.

Students selected for the program will participate in a reciprocal exchange that includes both hosting and travel. In the fall of 2025, participants will welcome a visiting student from Colegio San José into their home. Hosting includes not only providing a place to stay, but also

supporting your student in experiencing daily life at Saint Ignatius and in Chicago through meaningful cultural engagement beyond the organized program activities. In the spring of 2026, participants will travel to Spain, staying either with the exchange partner's family or residing in the school's residence hall, depending on individual placements. This portion of the exchange offers the opportunity to experience daily life at Colegio San José and deepen one's understanding of Spanish culture through direct engagement with the host community. During both portions of the exchange, participating students will attend classes with their exchange partner and be fully immersed in the academic and social environments.

To be considered, **students must click [HERE](#) to complete the application form by May 30, 2025.** While you do not need to be enrolled in Spanish to apply, participants must have a basic command of the language and be able to communicate conversationally. Additional program details - including eligibility requirements, travel dates, hosting expectations and anticipated costs - are outlined in an informational document found within the application. Students may contact [Ms. Anna Donko](#) or [Mrs. Beth Carney](#) with questions.

#### **HELP A STUDENT GO GLOBAL IN ANOTHER PROGRAM...**

Saint Ignatius College Prep is looking for families to open their hearts and homes to give a student a once-in-a-lifetime experience! We are thrilled to welcome four young people from two Jesuit high schools in Lithuania for the 2025-2026 academic year. We are in need of host families for these rising juniors. By opening your home, you'll be giving a student an incredible opportunity, and you'll be enriching your own family's life in countless ways. If you are interested or open to learning more, please contact Assistant Prefect, [Mrs. Beth Carney](#).

#### **KUDOS FROM THE LANGUAGE DEPARTMENT...**

Please join the French department in congratulating John (Jack) Ennis '25 for winning the McCormick scholarship from the Alliance Française de Chicago.

Jack's application was unanimously approved, and he won this prestigious scholarship that will provide him with round-trip air transportation, housing at the Foyer International des Etudiantes, tuition for the Sorbonne summer program language and civilization course, and a stipend for living expenses for a four-week stay in Paris during the month of July.

From his French teachers: "We are extremely happy for Jack and so proud of all his accomplishments in French throughout his four years at Saint Ignatius College Prep."

## A NOTE FROM THE COMMUNICATIONS DIRECTOR

Photo from *Countdown Chicago 2025* Production Shoot

Over the last three years, I've enjoyed getting to know so many of you -- from students, to teachers, to parents. When I started here, I truly felt like a freshman. I had just finished a 30-year career in television news, and while many of the communications skills I brought over from journalism prepared me for the new role at Saint Ignatius College Prep, the job never failed to challenge me to be Open to Growth. What a learning experience! Here are some of the notable moments:

### CRISIS COMMS

In the aftermath of a frightening wreck involving a school bus carrying our JV hockey team, instead of covering the crisis, I had to communicate through it -- and I didn't do it alone. Many

thanks to our Hockey coaches and families for being so graceful and helpful in the toughest of circumstances.

## **WEBSITE REVAMP**

The website we have today is much improved from the website this Communications Office inherited. I was able to tell our story thanks to input from all sectors on campus. This included picture permission from students, faculty and staff; video moments (sometimes reluctant, but always appreciated) from our Wolfpack leaders; and last, but certainly not least, the build collaboration with IT whiz Gene Shlikhutka. I was so lucky to have his partnership in the quest to bring the revamped Ignatius.org to life!

## **RE-BRANDING**

Change is never easy. During my tenure, we asked you to embrace "Saint Ignatius College Prep," instead of "St." or "SICP." Thank you for your input and for moving forward with the evolution that impacted everything from social media platforms, to email signatures, to spirit wear. Consistency in brand is key in a world of hyper-messaging. You helped us to be more clear!

## **SOCIAL MEDIA PLATFORM GROWTH**

In three years we nearly tripled our following on Instagram (FUN FACT: In the last 30 days we've had more than 700K views on the Gram). We also significantly grew our presence on LinkedIn and Facebook. Thanks to our students, parents, faculty and staff for giving us something to smile about and always providing great content to share with the world!

## **INTER-DEPARTMENT COLLABORATION**

We've accomplished our best video and printed material work in collaboration with other departments. I am especially grateful to have worked closely on content with Admissions and Development. High points: the Class of 2028 and 2029 welcome videos, the admissions guide, storytelling around Sodality Hall, testimonials from alumni and putting faces and voices to our Mission statement .

## **EXTERNAL COMMUNICATIONS**

As communications director, one of my primary responsibilities was to be Cheerleader-In-Chief. Over three years, I've loved sharing our big stories with local and national media -- from Christopher Christmas, to the Girls Cross Country all-school clap-in, to honoring Bob Newhart '47. Special thanks to students and staff who chose to participate in multiple big projects:

Mrs. MaryEllen Schneider and her talented musicians and vocalists said "yes" to various televised projects with the Archdiocese of Chicago.

*David Letterman's My Next Guest Needs No Introduction* featured students from the Class of 2024. The production won a National Emmy -- certainly something those alums can be proud of. We

also got a tall-order compliment from John Mulaney '00 that put an exclamation point on the remarkable teaching here. Mr. Mulaney said he received a better education at Saint Ignatius than he did at Georgetown. Wow!

*Countdown Chicago 2025* on ABC 7 reached about one million viewers on New Year's Eve. We couldn't have accomplished the large-scale project without the cooperation and collaboration of more than 100 students (who learned choreography and danced their hearts out); the incredible work of the always-phenomenal Operations staff; teacher Chris Marks' technical enthusiasm that resulted in an awesome audio cart; and the vision of President John Chandler. He saw the value in allocating considerable time and resources to both projects. They allowed us to share the Wolfpack with so many people.

HUGE gratitude for Ryan Bergin, Henry Ceffalio and Tina Bobor, the small-but-mighty Communications team. Your work is valuable and valued -- Keep it up! Many thanks to the Saint Ignatius College Prep Leadership Team and so many of the department directors who had a hand in communications, a team sport.

Finally (I know this is long, but it's important), popping into classrooms, being a "fly on the wall" for our great events and having the opportunity to interact with our wonderful students made my time here memorable and fun. Stand-out moments: Speaking at last year's SIMUN conference and guest-lecturing in Ms. Ayanna King's and Mr. Will Jones' class for their unit on *The Things They Carried*. I got to share a personal story about my dad's letters to my mom during the Vietnam War.

That brings us to NOW. For years, I've dreamed of writing a book about those letters, so later this summer I'll be leaving this job to pursue the passion project of a lifetime. Scared? Yes. Energized? YES! Grateful? YES! Thank you for the opportunity to pivot, to learn about what it means to be Jesuit and to share the beautiful story that is Saint Ignatius College Prep. It's been an honor.

## SHOUT-OUTS!

**A SWEET SEND-OFF...**

We just had to share the sweetest of send-offs Mrs. Kathryn Borg had for some members of the Class of 2025.

***Students: If you were in Mrs. Borg's Honors Geometry class your freshman year, check you email for a note from her that includes a video project you completed for the class at the very beginning of your time in the Wolfpack. This is what she wrote:***

"Do you remember your first Honors Geometry assignment? It was to make a brief video introducing yourself to your classmates. Guess what? Here they are for you to once again enjoy! My, how you've grown!! It was an honor and a pleasure to be part of your journey. [Congratulations](#) and best wishes to each and every one of you!"
