LOOKING AHEAD

SAVE MY SCHOLARSHIP...

In the last couple of *Wolfpack Posts*, we've written about how you can help save the Kids Act Tax Credit Scholarship Program also known as Invest in Kids. If you want to show your support for the program, you can pick

up a yard sign in the Communications Office (4th floor across from the Brunswick Room). And If you really want to have a voice in the matter affecting students across the state (including more than 90 here at Saint Ignatius through Empower Illinois), now's the time to speak up!

Saint Ignatius College Prep alum Mercedes Curran '23 says it's important. Now studying political science at the University of Notre Dame, Curran says, "Invest in Kids gave me an opportunity to achieve outside of my financial means. In doing so, it opened an entire world of career paths and opportunities that otherwise would not have been possible for me. I would not be on the path I'm on today if it weren't for

the financial resources available to me through the tax credit scholarship program - and not just in the academic sense. My life path has been so enriched because of the schools I was able to attend with help from 'Invest in Kids.'"

That's what students stand to lose.

"We have reached a critical moment related to the 'Invest in Kids' program," says Superintendent of Catholic Schools Greg Richmond, "If legislators do not renew it in some form during their final session November 7-9, thousands of students will lose the opportunity to attend our schools. The ripple effect of this change will impact us all."

About the final push to reach state leaders, Richmond adds, "While the appeals to our legislators up to this point have not been successful, I have not lost hope."

CAMPUS SAFETY

Our ever-evolving approach to campus security includes the following upgrades:

- We have access to a new and improved UIC camera on Morgan that covers the Barbara Jean Wright Homes and Rice Park.
- We've hired a daytime armed guard (from 7 a.m. until 3:30 p.m.)
- We've added an additional non-armed security person.
- We have two security cars. The unarmed car focuses on the student parking lot. The armed car makes the rounds at 15 minute intervals, covering the campus and the community including Rice Park and the UIC fields.

RESOURCES FOR TALKING ABOUT GLOBAL CRISIS

The conflict in the Middle East can spark a range of emotions. We have reached out to individual students via email inviting them to process thoughts or feelings with their School Counselor. In that same communication, we offered our offices and common area if a student needs a safe space during the day. We have also reached out to teachers to offer support if they have conversations about it in class. Below are some parent resources for talking to your student about war and other difficult news.

FINAL THOUGHT...

Here at Saint Ignatius College Prep, we prepare our young people for lives of Faith, love, service and leadership. It's not just something we say. It's something we live. And it's why we're taking a little time to share just one manifestation of how we "walk our talk." A mom of one of our freshmen students sent us this picture of the JV Hockey Team working together outside of practice to help other people. On October 21, the boys volunteered at the Greater Chicago Food Depository. Parent, Helen Fitzpatrick, wrote, "I thought it would be a nice way to share as the students work towards their service hours, how they're doing them together." Indeed!
